October 1, 2024

To the Board of County Commissioners
Delta County, Colorado

We have audited the financial statements of Delta County for the year ended December 31, 2023, and have issued our report thereon dated August 17, 2024. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 15, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Delta County are described in Note A to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during 2023. We noted no transactions entered into by the County during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate(s) affecting the financial statements was (were):

Management's estimate of the depreciation expense is based on estimated useful lives of the capitalized assets. We evaluated the key factors and assumptions used to develop the depreciation expense in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of landfill closure and post-closure costs is based on the total capacity of the landfill, the percentage of the landfill already used and the estimated future closure and post-closure costs. We evaluated the key factors and assumptions used to develop the landfill closure and post-closure costs in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of gravel costs is based on the total tons and estimated costs per ton to produce the gravel. We evaluated the key factors and assumptions used to develop the gravel costs in determining that it is reasonable in relation to the financial statements taken as a whole.

Certified Public Accountants

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We have given a copy of the audit adjustments to the management. In total there were 9 adjusting journal entries posted from the time we received the trial balance in March until the audit was issued in August 2024.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, which could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 17, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with U.S. generally accepted accounting principles, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Board of County Commissioners and management of Delta County, Colorado and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Blair and Associates, P.C.

Management Report

For

Delta County

December 31, 2023

Board of Commissioners
Delta County
Delta, Colorado

Dear Members of the Board:

We enjoyed the opportunity of working with the staff at Delta County during the performance of your December 31, 2023, audit. This letter is a by-product of the audit process, and accompanies your annual audited financial statements.

We hope this management letter provides you with valuable information that will assist in managing the County's financial operations. Included in this report are segments on positive observations and financial analysis of the County's financial operations.

We did not design our review of the County's financial policies to detect all control weaknesses or irregularities that may exist within the department's operations.

Consequently, we do not express an opinion on your internal control structure.

Positive Operations

In this section, we highlighted the positive financial areas that we observed. Our first graph illustrates actual balances at December 31, 2023 and 2022 for governmental funds.

Fund Balances

Operating Revenues

The following graph depicts a comparison of actual compared to budgeted amounts for the County funds. The major differences in actual to budgetary amounts in the General Fund were sales tax and interest revenue were more than budget by \$194,410 and 487,829. The major difference for the Road and Bridge Fund was mineral leasing and reimbursements were more than budget by \$143,777 and \$303,387 while HUTF was less than budget by \$242,259. The major difference in the Capital Improvement Fund was that sales taxes, interest, and other revenues were more than budget by \$258,282, 247,955 and \$376,061. The major difference in the Safety Improvement Sale Tax Fund sales taxes were more than budget by \$525,499.

Operating Expenses

The major differences in actual compared to budgetary amounts in funds are as follows: General Fund health and welfare was less than budget by \$397,022. Human Services Fund administration and SEP were less than budget by \$289,303 and \$81,613. Road and Bridge capital road improvements were less than budget by \$1,183,285 and other expenses were more than budget by \$418,740. Capital Improvement Fund capital outlay was more than budget by \$792,727. Safety Improvement Sales Tax Fund safety improvement expense and capital outlay was less than budget by \$128,122 and \$734,600.

Final Remarks

We would like to thank Leone Anderson for her assistance in helping us complete the audit.

Should you have any questions or require additional assistance, please contact Pete Blair at 1-970-856-7550 or at peteblair@bandacpas.com.

INDEPENDENT AUDITOR'S REPORT

To the Board of County Commissioners
Delta County, Colorado

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Delta County, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the Delta County's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Delta County, Colorado, as of December 31, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Delta County, Colorado and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Delta County, Colorado's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Delta County, Colorado's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Delta County, Colorado's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Delta County, Colorado's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, Local Highway Finance Report and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 17, 2024, on our consideration of the Delta County, Colorado's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Delta County, Colorado's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Delta County, Colorado's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the report provides readers with a narrative overview and analysis of the financial activities of Delta County for the fiscal year ended December 31, 2023. We encourage readers to consider the information presented here in conjunction with the letter of transmittal and basic financial statements to enhance their understanding of the County's financial performance.

FINANCIAL HIGHLIGHTS

- Delta County's assets exceeded liabilities by \$188.3 million at the end of 2023. Of this amount, \$27 million may be used to meet the government's ongoing obligations to citizens and creditors. \$158 million is invested in capital assets and \$3.3 million is restricted by law.
- Total revenues in 2023 for all governmental activities were \$35,324,804. Total expenditures in 2023 for all governmental activities were \$33,534,358. The difference of expenditures over revenues in 2023 increased the County's governmental activities' net position by \$1,790,446.
- Fund balances in 13 of the County's 23 governmental and business-type activity funds increased in 2023, compared to 14 of the County's 21 governmental and business-type activity funds increasing in 2022.

The County Commissioners' goal is to keep unreserved fund balances in the General Fund and Road and Bridge Fund at no less than 25% of operating expenditures. In 2023, the unreserved fund balances in these two funds exceeded 25% of operating expenditures. The unreserved fund balance in the Human Services Fund is maintained at a lower level since approximately 80% of its revenues are federal and state funds. The County budgets expenditures from unreserved fund balances for one time, high priority projects and to even out the cyclical revenue patterns which result from biennial property assessments and/or fluctuations in the national and state economies that are beyond a local government's control.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The basic financial statements contain three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. In addition to the basic statements, this report also contains required and other supplemental information and federal financial assistance reports.

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the County's finances in a manner similar to a private sector business.

The *statement of net position* presents information on all of the County's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the County's financial position is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused PTO leave).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). Delta County's governmental activities include general government, public works, health and human services, culture and recreation, and economic development. The County has two business type activities — operation of a solid waste landfill/transfer station and an E911 fund.

The government-wide financial statements also include the Delta County Fair Board, which is a component unit. The County does have financial control over the Fair Board, and is included on the financial statements as a special revenue fund.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Delta County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Delta County can be divided into two categories: Governmental funds and proprietary funds.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources, as well as on balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Delta County maintains twenty-three individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of

revenues, expenditures, and changes in fund balances for the General Fund, Human Services, Road and Bridge, Capital Improvement, American Rescue, Safety Improvement, Health Department, Energy Development, Fairgrounds, Lodging Tax, Economic Development, Contingency, Grants, Employee Benefit Trust, Conservation Trust, Self Insurance, PILT, Open Space Trust, Fair Board, Booking Fees and Inmate Welfare of which the first six are considered to be major funds.

The basic governmental fund financial statements can be found on pages 14 through 19 of this report.

Proprietary Funds. Delta County maintains one type of proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. Delta County has two enterprise funds, the Landfill Operations fund and the E911 fund.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Landfill Operations and E911 funds, which are considered to be major funds of the County.

The basic proprietary fund financial statements can be found on pages 20 through 23 of this report.

Budgetary Comparisons. Delta County adopts an annual appropriated budget for all of its funds. A budgetary comparison statement has been provided for all funds on pages 41 to 49 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 24 through 40 of this report.

COUNTY-WIDE FINANCIAL ANALYSIS

Net Position. As noted earlier, net position may serve over time as a useful indicator of a government's financial position. As of December 31, 2023, assets exceeded liabilities by \$188.3 million. This represents a 1% increase over 2022 net position.

One significant portion of Delta County's net position (14.33%) represents unrestricted net position of \$27 million, which may be used to meet the County's ongoing obligations to citizens and creditors.

The largest portion of the County's net position (83.93%) reflects its investment in capital assets. These assets include land, construction in progress, buildings, machinery, equipment, and public infrastructure which include the County's road and bridge systems. These capital assets are used to provide services to citizens; consequently, they are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

An additional \$3,279,933 of the County's net position (1.74%) represents resources that are subject to external restrictions on how they may be used. Included in this category are the Tabor reserve, reserve for special road projects and the reserve for inventories including County gravel pit stockpiles.

At the end of 2023, Delta County had positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, Delta County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds Overview. The focus of County governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of 2023, the combined ending fund balances of County governmental funds were \$26.8 million. Approximately 95.6% of this consists of unreserved fund balance, which is available as working capital and for current spending in accordance with the purposes of the specific funds. The remainder of fund balance is reserved to indicate that it is not available for new spending because it is committed for the following purposes: 1) TABOR reserve (\$435,288); 2) reserve for inventories (\$2,331,495); and reserve for Conservation Trust Fund Projects (\$513,150).

The County has six major governmental funds. These are 1) General; 2) Human Services; 3) Road & Bridge; 4) Capital Improvements; 5) American Rescue Fund; 6) Safety Improvement Sales Tax fund.

§39-26-704.1, C.R.S

1. General Fund. This is the primary operating fund of Delta County Government. It accounts for many of the County's core services, such as public safety, planning, tax collections, property assessment, recording of public records and elections. As of December 31, 2023, the general fund balance was \$5.4 million-\$1,393,864 less than the previous year. As a measure of the general fund's liquidity, it may be useful to compare the unreserved fund balance, which equals the total fund balance, to total fund expenditures. Unreserved fund balance represents 28.35 % of total 2023 General Fund expenditures and transfers.
2. Human Services Fund. The Human Services fund is mandated by State Statute. This fund accounts for the local share of many Federal and State public welfare programs. The fund had a negative \$80,733 balance at the end of 2023, which is \$245,561 less than 2022.
3. Road & Bridge Fund. The Road and Bridge Fund is also state mandated. The fund records costs related to County road and bridge construction and maintenance. The Road and Bridge fund had \$3,440,441 in fund balance at the end of 2023. \$2,331,495 of the fund balance is reserved for inventories. The fund balance was \$1,072,294 less than the previous year.
4. Capital Improvements Fund. The Capital Improvements fund accounts for capital improvements of the County. This fund is funded by 75% of a 1 cent County sales tax approved in 1982 and it is restricted to capital improvement projects and expenditures. The Capital Improvements fund had a \$3,088,812 fund balance at the end of 2023. This amount was an decrease of \$2,325,818 from the previous year. Fund balance decreased by 42.95% from the prior year.
5. American Rescue Fund. American Rescue Fund. Federal funds to support the response to recovery from the COVID-19 public health emergency. The fund balance had a decrease from \$5,941,964 funds to \$5,106,712 fund balance at the end of 2023.
6. Safety Improvement Sales Tax Fund. The Safety improvement fund is a collection of sales tax for public safety improvement to be collected for 10 years. The fund had an increase from \$2,321,934 funds to \$3,569,584 fund balance at the end of 2023.

The County has fifteen non-major governmental funds. These are 1) Health Department; 2) PILT; 3) Economic Development; 4) Energy Development; 5) Open Space Trust; 6) Conservation Trust; 7) Self Insurance; 8) Capital Projects; 9) Contingency; 10) Lodging Tax; 11) Employee Benefit Trust; 12) Fairgrounds; 13) Fair Board, 14) Inmate Welfare fund, and 15) Booking Fee Fund.

1. Health Department Fund. The Health Department Fund supports public health and environmental health services within the County. The Fund carried a \$1,003,983 fund balance at the end of 2023, which is 8.2% more than 2023.
2. PILT Fund. The Payment in Lieu of Taxes (PILT) Fund accounts for federal funds received for federally owned lands within the County. The PILT Fund had \$2,314,053 in fund balance at the end of 2023.
3. Economic Development Fund. The Economic Development Fund accounts for contributions to various economic development activities within the County. The Economic Development Fund had \$191,916 in fund balance at the end of 2023. This amount was \$24,895 less than the previous year.
4. Energy Development Fund. The Energy Development Fund accounts for expenses associated with energy development activities in Delta County. The Energy Development Fund had \$119,562 fund balance at the end of 2023. To date, the revenue source for this fund has consisted of budgetary transfers from the PILT Fund.
5. Open Space Trust Fund. The Open Space Trust Fund accounts for acquisitions, protection, improvements, and long-term maintenance of open space, natural areas, wildlife habitat, parks and trails. The fund's primary revenue source is subdivision open space fees which are allocated to each Commissioner District where the development generating the fees has occurred. This fund had \$142,670 in fund balance at the end of 2023. Fund balance increased by 3.59% over the prior year.
6. Conservation Trust Fund. The Conservation Trust Fund accounts for state lottery proceeds to be used for capital improvements to local parks and recreation areas. The Conservation Trust fund had a \$513,150 fund balance at the end of 2023. This amount was \$79,288 more than the previous year. Fund balance increased by 1.18% over the prior year.
7. Self-Insurance Fund. The Self Insurance Fund accounts for litigation and other contingency costs incurred by the County. The Self Insurance Fund had a \$446,648 fund balance at the end of 2023. This amount was \$91,766 less than the previous year. Fund balance decreased by 17.05% over the prior year.
8. Grant Projects Fund. The Grant Projects Fund accounts for grant projects that the County may undertake. Its source of revenue consists of grants awarded for specific capital projects and/or funds transferred from the Capital Improvement Fund for the acquisition and construction of specific capital projects. The Grants Projects Fund had a \$145,436 fund balance at the end of 2023. This amount was \$359,205 less than the previous year.

9. Contingency Fund. The Contingency Fund is available for expenditures that were not foreseen at the adoption of the budget and holds the 3% Tabor reserve. The Contingency Fund had a \$822,995 fund balance at the end of 2023.
10. Lodging Tax Fund. The Lodging Tax Fund accounts for lodging taxes collected for promotion of tourism in Delta County. The Lodging Tax Fund had a \$239,655 fund balance at the end of 2023. This amount was \$19,868 more than the previous year. Fund balance increased by 9.04% over the prior year.
11. Employee Benefit Trust Fund. The Employee Benefit Trust Fund accounts for the payment of employee benefits. The Employee Benefit Trust Fund had a \$160,449 fund balance at the end of 2023. This amount was \$124,024 more than the previous year.
12. Fairgrounds Fund. The Fairgrounds Fund accounts for the maintenance, capital, and special event costs at the Delta County Fairground. The Fairgrounds Fund had a \$15,432 fund balance at the end of 2023. This was \$24,824 more than the previous year.
13. Fair Board Fund. The Fair Board Fund accounts for the annual Delta County Fair. The Fair Board Fund had a \$97,963 fund balance at the end of 2023. This was \$1,258 less than the previous year.
14. Inmate Welfare Fund. These funds were pulled from the General Fund to track funds going in and out. These are for inmates goods and services while incarcerated. The fund decreased from \$5,779 to \$1,119 in 2023.
15. Booking Fees Fund. These funds were pulled from the General Fund to track funds going in and out. These are booking fees and bond fees in accordance with HB21-1280. The fund increased from \$16,793 to \$19,262 in 2023.

Proprietary Funds Overview

The County's proprietary fund statements provide the same type of information found in the government-wide statements, but in more detail.

The County has two enterprise-type proprietary funds, the Landfill Operations Fund and the E911 Fund. Unrestricted net position of the proprietary funds at the end of the year amounted to \$4,749,545. The total increase in net position for the proprietary funds was 3.08%. Other factors concerning the finances of this fund are discussed under business-type activities.

GENERAL FUND BUDGETARY HIGHLIGHTS

The County's budget is prepared according to Colorado statutes. The most significant budgeted fund is the General Fund as it accounts for the operating expenditures for the majority of County departments, excluding the Road & Bridge and Human Services departments.

In December of 2022, the Board of County Commissioners appropriated \$17.9 million for general fund expenditures in 2023. The final budget for 2023 anticipated spending \$0 of the General Fund reserves to balance the General Fund budget.

2023 actual expenditures were 2.41% less than anticipated budget and 2023 actual revenues were 2.879% more than anticipated budget resulting in an decrease of \$1,393,864 in General Fund reserves in 2023 as opposed to the decrease of \$1,787,257 as originally anticipated.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets. Delta County's investment in capital assets for its governmental and business type activities as of December 31, 2023 totals \$158.0 million (net of accumulated depreciation). This investment includes all land, construction in progress, buildings, machinery and equipment, as well as infrastructure. The total increase in investment in capital assets for the current fiscal year was 4.02%.

Major capital asset events during the 2023 fiscal year included the following:

- Major road construction improvements.
- Start of Detention Center Remodel
- Land Acquisition
- Miners Trail
- Sheriff Administration Building
- \$2,900,913 in heavy equipment and vehicle purchases.

On-going construction commitments include:

- Major road reconstruction and improvements.
- Detention Center remodel
- Miner's Trail in Hotchkiss
- Fairgrounds Playground improvements

GASB 34 (Governmental Accounting Standards Board) requires all government entities to report on the value and condition of all their physical assets and infrastructure. Commencing in 2009, the County implemented the "modified approach" for its road and bridge infrastructure assets and a simple depreciation approach for all other physical assets in accordance with GASB Statement No. 34. The modified method takes into account maintenance expenses and the value that those expenses add to an asset such as the County's road and bridge infrastructure.

Additional information on the County's capital assets can be found in Note C of this report.

Long Term Debt-Lease Purchase Agreements.

- The County of Delta has 4 years remaining on a 5 year obligation to CAT Financial Services Inc to purchase the Caterpillar D9T Tractor

Colorado Revised Statutes provide for a general obligation debt limit of 1.5% of assessed valuation. The County had a general obligation debt capacity of \$6.5 million in 2023. The county currently has no long-term debt or lease purchase agreements subject to the limitation.

Additional information on Delta County's debt can be found in Note D.

Other Matters. The following factors are expected to have a significant effect on the County's financial position or results of operations and were taken into account in developing the 2024 budget:

- Increased growth in mandated federal and state programs while decreasing dollars for implementation and capacity.
- Increasing demand on county jail that is aging.
- The challenge to meet the desired levels of programs and services for constituents as revenues show decreasing growth.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Delta County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this or requests for additional financial information should be addressed to the County Administrator, 560 Dodge Street, Delta, CO 81416.

DELTA COUNTY, COLORADO
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
Year Ended December 31, 2023

Net change in fund balances - total governmental funds \$(4,390,938)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.

Capital assets current additions	\$ 7,954,389	
Depreciation expense	<u>(1,755,767)</u>	
Increase in capital outlay over depreciation		6,198,622

Some expenses not reported in the governmental funds that do not require the use of current financial resources and therefore are reported as expenditures in statement of activities.

Compensated absences	(16,148)
Loss on disposal of assets	(1,093)

Change in net position of governmental funds	<u><u>\$ 1,790,443</u></u>

DELTA COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. History and Function of Organization

The County operates under the regulations pursuant to the Colorado Revised Statutes that designates a Board of County Commissioners to act as the governing authority. The County provides the following services: public safety (sheriff); highways and streets; sanitation; health and human services; public improvements; planning; and general administrative services.

2. Reporting Entity

In defining and determining the County as an appropriate reporting entity, the County has considered manifestations of oversight over, and scope of public service of, various boards, commissions, authorities, and other entities. More specifically, these considerations include, but are not limited to: (1) their scope of public service; (2) the County's ability to select another entity's governing authority or management to significantly influence operations, approve budgetary appropriations and revisions; and (3) its responsibilities to fund deficits, operating deficiencies or determine revenue policy. Based on these considerations, the entities described below have been included in the County financial statements.

Elected Officials All financial transactions of the offices of elected officials of Delta County (Assessor, Clerk and Recorder, Coroner, District Attorney, Sheriff, Surveyor, Treasurer and Commissioners) are recorded in the General Fund. The Board of County Commissioners has budgetary authority over elected officials and is accountable for all fiscal matters.

Delta County Fair Board The Fair Board is appointed by the County Commissioners. The County has financial responsibility over the Fair Board. The Fair Board is a component unit of the County and is included in the financial statements at December 31, 2023 as a special revenue fund.

3. Basis of Presentation

Government-Wide and Fund Financial Statements The government-wide financial statements (i.e., the statement of net position and the statement of activities) present financial information of the County as a whole. The reporting information includes all of the non-fiduciary activities of the County. For the most part, the effect of interfund activity has been removed from these statements. These statements are to distinguish between the governmental and business-type activities of the County.

Governmental activities normally are supported by taxes and intergovernmental revenues, and are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Net Position presents the financial position of the governmental and the business-type activity of the County.

DELTA COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

3. Basis of Presentation - continued

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include fees and charges paid by the recipients of goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The effects of interfund activity have been eliminated from the government-wide financial statements.

Fund Financial Statements The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category - governmental, proprietary and fiduciary - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds. The fiduciary funds are presented separately.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The County reports the following major governmental funds described below.

General Fund is the general operating fund of the County. It accounts for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted to expenditures for specific purposes.

Human Services Fund accounts for intergovernmental revenues and grants received for public assistance programs.

Road and Bridge Fund accounts for the construction and maintenance of the County's roads and bridges. The sources of revenues include property taxes, highway users' fees and other revenues.

Capital Improvement Fund accounts for capital maintenance and projects of the County. The sources of revenues received are from sales tax.

American Rescue Fund accounts for federal grants through the American Rescue Program to be used for capital acquisitions.

Safety Improvement Sales Tax Fund accounts for the collection of .8 % county sales tax, that is allocated between law enforcement agencies within Delta County, to be used for law enforcement expenditures.

DELTA COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

3. Basis of Presentation - continued

The County reports the following major proprietary fund described below.

Enterprise Funds These are proprietary funds used to account for operations that are financed and operated in a manner similar to private business, with the intent that the costs of goods and services are financed or recovered through user fees.

Landfill Operations Fund accounts for revenues received to maintain the County landfill and transfer station.

Fiduciary Funds report \$1,312,116 and include the following funds and amounts:

Treasurer's Fund- This agency fund contained \$637,239 at year-end held on behalf of special taxing districts and for individuals with regard to certain County operations primarily building and planning.

Clerk's Fund- This agency fund contained \$490,478 at year-end held on behalf of other government agencies primarily the State of Colorado and local municipalities.

Public Trustee Fund- This agency fund contained \$184,399 at year-end held on behalf of other funds and deposits and escrow balances.

4. Measurement Focus and Basis of Accounting

Government-Wide and Proprietary Fund Financial Statements

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants and donations. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

DELTA COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

4. Measurement Focus and Basis of Accounting-Continued

Governmental Fund Financial Statements

Governmental Funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers all revenues reported in the governmental funds to be available. These revenues could include certain property, sales and other tax collections, federal, state, and county grants, and some charges for services. Grants are only recognized to the extent allowable expenditures have been incurred. The County generally considers funds received within 60 days subsequent to the end of the fiscal year to be measurable and available.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted assets first, then unrestricted resources as they are recorded.

Expenditures are recorded when the related fund liability is incurred, except for claims and judgments and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the programs. It is the County's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

Deferred Outflows / Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section of deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not recognize as an outflow of resources (expense/ expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section of deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. Property taxes revenue that are related to a future period have been recorded as deferred inflows. Grants and entitlements received before eligibility requirements are met (e.g., cash advances) are recorded as deferred inflows. These amounts are deferred and will be recognized as an inflow of resources in the period that the amounts become available.

DELTA COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

5. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) Prior to October 15 of each year, a proposed operating budget is submitted to the County Commissioners for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- 2) Public hearings are conducted by the County to obtain taxpayer comments.
- 3) Prior to December 31, the budget is legally adopted at the fund level through passage of a resolution for all County funds, except the fiduciary fund types.
- 4) Any revisions that increase the expenditure of any fund or elected official budget must be approved by the County Commissioners by passage of a resolution.
- 5) Budgets for the governmental fund types are adopted on a basis consistent with generally accepted accounting principles (GAAP). The proprietary fund types adopt budgets using a non-GAAP basis.

Budget appropriations for the year ended December 31, 2023, were \$55,400,108. The County had one supplemental appropriation totaling \$940,752 which increased appropriations from the original budget of \$54,459,356 to \$55,400,108.

The supplemental appropriation during 2023 resulted in budget amendments as follows:

<u>Fund</u>	<u>Original Amount</u>	<u>Amended Amount</u>
Governmental Activities		
Energy Development Fund	\$ 1,600	\$ 4,200
Economic Development Fund	\$ 174,157	\$ 84,342
Employee Benefit Trust Fund	\$ 10,500	\$ 10,546
Self Insurance Fund	\$ 1,000	\$ 101,452
Open Space Fund	\$ -	\$ 160
Booking Fees Fund	\$ 5,000	\$ 1,253
Landfill Fund	\$ 1,733,480	\$ 739,799

6. Assets, Liabilities and Fund Equity

Investments-Investments at December 31, 2023, consisted of CSAFE and CSIP stated at amortized cost and COLOTRUST stated at net asset value.

DELTA COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

6. Assets, Liabilities and Fund Equity-continued

Cash -The County pools cash resources of its various funds in order to facilitate the management of cash. Cash is pooled in interest-bearing accounts which are legally authorized. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements.

Receivables -All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

Capital Assets -The County's capital assets are recorded at original cost. Donated assets are listed at their fair value at the date of donation. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets. It is the policy of the County to capitalize all fixed assets costing more than \$5,000 with an estimated useful life of two or more years.

As allowed by GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis -for State and Local Governments*, the County has adopted an alternative method for reporting costs associated with certain infrastructure assets. Under this alternative method, referred to as the "modified approach," infrastructure assets are not depreciated, and maintenance and preservation costs are expensed. The County capitalizes costs related to new construction, major replacements, and improvements that increase the capacity and/or efficiency of infrastructure assets reported under the modified approach.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Buildings	3-40 years
Land Improvements	30 years
Vehicles, Heavy Equipment	5-10 years
Office, Shop Equipment	3 years

Long-Term Obligation In the government-wide financial statements and proprietary fund types in the financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are "Due to payment".

Net Position/Fund Balances Net position in the government-wide financial statements are classified as: (1) invested in capital assets, net of related debt; (2) restricted; and (3) unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments, or imposed by law through state statute. In the governmental fund financial statements, reservations or restrictions of fund balance represent amounts that are not appropriable, are legally segregated for a specific purpose, or are restricted by the grant agreement. Designations of fund balance represent tentative management plans that are subject to change.

DELTA COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

6. Assets, Liabilities and Fund Equity-continued

Vacation, Sick Leave, Salary Related Payments, and Other Compensated Absences County employees are entitled to certain compensated absences based on their length of employment. Employees are allowed to accumulate benefits up to predetermined maximums and are compensated for these accumulated benefits either through paid time off or at termination or retirement.

7. Revenues and Expenditures

Revenues for governmental funds are recorded when they are determined to be both measurable and available. Generally, fees and non-tax revenues are recognized when received. Grants from other governments are recognized when qualifying expenditures are incurred. Expenditures for governmental funds are recorded when the related liability is incurred.

Property Tax Revenues- The County Assessor certifies assessed property values on December 10. The County Commissioners certify the mill levy in December. Property taxes are levied based on the assessed valuation and mill levy on January 1. Assessed values are an approximation of market value. Taxpayers may pay their property taxes in one payment due April 30 or pay in two half payments due February 28 and June 15. The billings are considered due on these dates. The bill becomes delinquent and penalties and interest may be assessed by the County Treasurer on the post mark day following these dates. The tax sale date is the first Thursday of November.

Sales Tax Revenues- The County levied a one percent sales tax in 1969. The County receives sixty percent of the sales tax, with the remaining forty percent going to City of Delta and the towns of Paonia, Cedaredge, Crawford, Hotchkiss, and Orchard City based on population data from the most current census.

In 1982, an additional sales tax of one (1) percent was levied. Seventy-five percent of the amount is deposited in the Capital Improvement Fund to be used for capital improvements or debt service to finance the construction of capital improvements. The remaining 25 percent may be used to operate County services and facilities or any other lawful County purposes.

8. Inventory

Inventories are valued at cost, using the first-in, first-out (FIFO) method.

9. Comparative Data

Comparative total data for the prior year has been presented in most of the accompanying financial statements in order to provide an understanding of changes in the County's financial position and operations. However, comparative (i.e., presentation of prior year totals by fund type) data has not been presented in certain statements since their inclusion would make those statements unduly complex and difficult to read.

DELTA COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE B - CASH AND INVESTMENTS

Deposits

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized: The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits.

At December 31, 2023 the County's cash and investments consisted of the following.

Cash on hand	\$ 588
Cash deposits	19,513,965
Investments	14,097,205
Less: Outstanding items	<u>(881,647)</u>
Total Cash and Investments	<u><u>\$ 32,730,111</u></u>
Unrestricted Cash and Investments - Governmental	\$ 24,447,060
Unrestricted Cash and Investments - Business-type	6,970,935
Cash and Investments - Fiduciary	<u>1,312,116</u>
Total Cash and Investments	<u><u>\$ 32,730,111</u></u>

At December 31, 2023, the County's cash deposits had a bank balance as follows:

	<u>Bank</u>	<u>Book</u>
	Balance	Balance
FDIC Insured	<u>\$ 5,024,993</u>	<u>\$ 5,024,993</u>
PDPA Collateralized	<u>15,946,633</u>	<u>14,488,972</u>
Total Cash		
Deposits	<u><u>\$20,971,626</u></u>	<u><u>\$19,513,965</u></u>

DELTA COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE B - CASH AND INVESTMENTS - CONTINUED

Investments

Credit Risk

Colorado statutes specify which instruments units of local government may invest, which include:

- Obligations of the United States and certain U.S. government agency's securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptance of certain banks
- Commercial paper
- Local government investment pools
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts

Fair Value

The County categorized its fair value measurements within the fair value hierarchy established by generally accepted accounting principles.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value.

Level 1: Quoted prices (unadjusted) in active markets for an identical asset or liability that a government can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs for an asset or liability.

DELTA COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE B - CASH AND INVESTMENTS - CONTINUED

Investments

	<u>12/31/2023</u>	<u>Credit Rating</u>
Investments Measured at Amortized Costs		
CSIP and CSAFE	\$ 7,820,197	AAAm
Total Investments Measured at Amortized Costs	<u>7,820,197</u>	
Investments Measured at Net Asset Value		
ColoTrust	<u>6,277,008</u>	AAAm
Total Investments	<u>\$ 14,097,205</u>	

During the year ended December 31, 2023, the County invested funds in Colotrust, CSAFE and CSIP. As investment pools, they operate under the Colorado Revised Statutes (24-75-701) and are overseen by the Colorado Securities Commissioner. They invested in securities that are specified by Colorado Revised Statutes (24-75601). Authorized securities include U.S. Treasuries, U.S. Agencies, commercial paper (rated A1 or better) and bank deposits (collateralized through PDPA). The pool operates similar to a 2a-7-like money market fund with a share value equal to \$1.00 and a maximum weighted average maturity of 1 day. These funds are rated AAAm by the Standard and Poor's Corporation.

Interest Rate Risk -The County manages its interest rate risk by setting a maximum maturity date no more than five years from the date of purchase unless otherwise authorized by the County Board of Commissioners.

Concentration of Credit Risk -The County places no limit on the amount that may be invested in any one issuer. County's investments are in governmental investment pools such as CSIP, CSAFE and COLOTRUST.

Custodial Credit Risk - custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

Post-closure costs of \$2,275,768 for the active Adobe buttes landfill and \$21,347 for the closed North Fork Landfill are to be paid by the landfill fund and the general fund respectively.

DELTA COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE D - LONG-TERM DEBT- CONTINUED

Lease Payable

The County has a lease payable with CAT Financial Services Corporation for \$1,178,316 for the purchase of equipment at an annual interest rate of 4.775% payable in monthly payments of \$20,238.30 for sixty months starting on October 30, 2022, with a down payment of \$100,000 on September 30th of 2022.

	Principal	Interest	Total
2024	\$ 206,798	\$ 36,062	\$ 242,860
2025	216,892	25,968	242,860
2026	227,478	15,382	242,860
2027	198,017	4,359	202,376
	<u>\$ 849,185</u>	<u>\$ 81,771</u>	<u>\$ 930,956</u>

NOTE E - FUND EQUITY

This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Non-spendable fund balance amounts that are not in spendable form (such as inventory) or are required to be maintained intact;
- Restricted fund balance-amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions or by enabling legislation;
- Committed fund balance-amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- Assigned fund balance-amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- Unassigned fund balance-amounts that are available for any purpose; positive amounts are reported only in the general fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the County considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the County considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless County Commissioners' have provided otherwise in its commitment or assignment actions.

TABOR Amendment: the three (3) percent reserve of \$435,288 as required by Colorado Tax Payers Bill of Rights (TABOR) has been reserved in the County's Contingency Fund.

DELTA COUNTY, COLORADO
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE F - RISK MANAGEMENT

Colorado Counties Casualty and Property Pool (CAPP)

The County is exposed to various risks of loss related to property and casualty losses. The County joined together with other counties in the State of Colorado to form the Colorado Counties Casualty and Property Pool (CAPP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The County pays an annual contribution to CAPP for its property and casualty insurance coverage. The inter-governmental agreement of formation of CAPP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the Pool will purchase excess insurance through commercial companies for members' claims in excess of a specified self-insured retention that is determined each policy year. There have been no significant reductions in insurance coverage. Settled claims from these risks have not exceeded insurance coverage for the current year or the three prior years.

On December 31, 2023, CAPP had assets of \$29,572,690, liabilities of \$18,386,695 (including \$17,157,405 reserved for losses and claims), and members' equity of \$11,185,995. The liability amount includes no long-term debt. Total revenues for the year ended December 31, 2023, amounted to \$15,156,572 and total expenses were \$12,532,239, resulting in net income before return of surplus of \$2,624,333.

Colorado Workers' Compensation Pool (CWCP)

The County is exposed to various risks of loss related to injuries of employees while on the job. The County has joined together with other counties in the State of Colorado to form the Colorado Workers' Compensation Pool (CWCP), a public entity risk pool currently operating as a common risk management and insurance program for member counties. The County pays an annual contribution to CWCP for its workers' compensation insurance coverage.

The intergovernmental agreement of formation of CWCP provides that the pool will be financially self-sustaining through member contributions and additional assessments, if necessary, and the Pool will purchase excess insurance through commercial companies for members' claims in excess of a specified self-insured retention that is determined each policy year. There have been no significant reductions in insurance coverage. Settled claims from these risks have not exceeded insurance coverage for the current year or the three prior years.

On December 31, 2023, CWCP had assets of \$55,475,628, liabilities of \$30,105,475 (including \$25,974,257 reserved for losses and claims) and members' equity of \$25,370,153. The liability amount includes no long-term debt. Total revenues for the year ended December 31, 2023, amounted to \$11,864,038, total expenses were \$7,238,446, resulting in net income before return of surplus of \$4,625,592.

NOTE G - EMPLOYEE BENEFITS

Deferred Compensation

The County offers its employees a deferred compensation plan created in accordance with internal revenue Code Section 457. The plan, available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseen non-reimbursed emergency.

DELTA COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE G - EMPLOYEE BENEFITS - CONTINUED

Retirement Plan

The County participates in the County Retirement Association (CRA), a multiple-employer public employee retirement system which is a qualified plan as defined by IRS Code Section 401 (A) and Colorado Revised Statutes (CRS) 24.54. The plan provides retirement benefits through a defined contribution plan to participating Colorado counties, municipalities and special districts. In a defined contribution plan, benefits depend solely on amounts contributed to the plan, plus investment earnings.

There are no unfunded past service liabilities. All full-time employees are required to participate in the plan upon the first day of the payroll period following the employee's date of hire. The County is required to contribute 4% of employee compensation excluding overtime. The employee is required to contribute an amount equal to the County's contribution. Employees are immediately vested in their participant contributions and become vested in employer contributions to the plan over a six-year period.

The County's total payroll for 2023 was \$14,562,623 and covered payroll was \$14,857,645. During 2023, the County and employees made the required 4% contribution amounting to \$588,842, for a total of \$1,177,684.

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. The Plan may be amended by resolution of the Board of County Commissioners, but it may not be amended beyond the limits established by state statute.

PTO and Sick Leave

Paid time off accumulates at the rate of fourteen to twenty-two hours per month, based upon the years of service of the employee. There is no sick leave accumulation anymore. However, employees that had a sick balance at time of conversion will keep their remaining balance and the one-quarter payment rules are still in place.

NOTE H - COMMITMENTS AND CONTINGENCIES

Pending Litigation

The County is involved in various lawsuits. Management does not believe the potential loss to the County from any of these lawsuits would have a material impact on the financial statements

Tax Spending and Debt Limitations (TABOR Amendment)

On November 3, 1992, the voters of Colorado approved Amendment 1, commonly known as the TABOR Amendment, which adds a new Section 20 to Article X of the Colorado Constitution.

TABOR contains tax, spending and revenue and debt limitations which apply to the State of Colorado, all local governments, and special districts. The County's financial activity for the year ended December 31, 2006 will provide the basis for calculation of future limitations adjusted for allowable revenue in excess of the County's "spending limit" must be refunded unless voters approve the retaining of such excess revenue. TABOR requires voter approval for any new tax, tax increases and new debt.

NOTE I - CONTRABAND FORFEITURES

The Colorado Contraband Forfeiture Act allows law enforcement agencies to retain proceeds from the seizure of contraband. Proceeds are recorded under the Trust and Agency Fund and are used for drug enforcement activities.

DELTA COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

NOTE J - CLOSURE AND POST-CLOSURE COSTS

State and federal laws and regulations require the County to place a final cover on its landfill sites when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for ten to thirty years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports the total of these closure and post-closure care costs for the developed portion of the landfill as a liability as of each balance sheet date. The \$2,275,768 reported as the total landfill closure and post-closure care liability at December 31, 2023 represents the cumulative amount reported to totally close, monitor and maintain the developed portion of the active Adobe Buttes Landfill (ABLF) and the two other closed landfills, Delta and North Fork. Those amounts are based on what it would cost to perform all closure and post-closure care if the ABLF were closed in 2023, and all three then closed landfills were monitored and maintained through any future regulated monitoring periods. The life of the active ABLF is 29 years, plus 51 years in other undeveloped locations on the site, for a total of 80 years. The table below summarizes the post-closure costs. Actual costs may change due to inflation, changes in technology, or changes in regulations.

Landfill Fund	\$ 2,275,768
General long-term debt	21,347
Total	<u>\$ 2,297,115</u>

The County is required by state and federal laws and regulations to make annual contributions or provide other means to cover the projected closure and post-closure costs. The Landfill Fund had cash and equivalents of \$5,885,913 included in assets of \$9,440,406, which exceeds the projected closure and post-closure costs at December 31, 2023.

If future interest earnings are inadequate or additional post-closure care requirements are determined (due to changes in technology and applicable laws or regulations, for example), these additional costs would need to be covered by charges to future landfill users or from future tax revenue. The County, however, has additionally covered this requirement by qualifying under State Solid Waste regulations using a "Local Government Financial Test" and/or other County funds.

NOTE K - INTERNAL ACTIVITY

The County has recorded the following interfund transfers for the year ended December 31, 2023. These transfers are routine in nature and provide joint support for various operations.

General Fund to Fairgrounds Fund	\$ 188,236
General Fund to Economic Development Fund	60,000
Road and Bridge to General Fund	331,775
E911 Fund to General for Dispatch Expenses	228,345
Capital Improvement Fund to Capital Project Fund for Project costs	192,888
Capital Improvement Fund to General Fund for Project costs	670,342
Capital Improvement Fund to Road and Bridge Fund for Project costs	1,211,771
Capital Improvement Fund to Fairgrounds	274,284
PILT Fund to Contingency Fund	10,000
PILT Fund to Road and Bridge Fund	970,152
PILT Fund to General Fund	967,907
Conservation Trust Fund to Fairgrounds Fund	45,000
PILT Fund to Energy Development Fund	15,000
Total Transfers	<u>\$5,165,700</u>

DELTA COUNTY, COLORADO
INFORMATION ABOUT INFRASTRUCTURE ASSETS REPORTED USING
THE MODIFIED APPROACH
For the year ended December 31, 2023

As allowed by GASB Statement No.34, Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments, the county has adopted an alternative method for reporting costs associated with certain infrastructure assets. Under this alternative method, referred to as the "modified approach," infrastructure assets are not depreciated, and maintenance and preservation costs are expensed. The County capitalizes costs related to new construction, major replacements, and improvements that increase the capacity and/or efficiency of infrastructure assets reported under the modified approach.

In order to utilize the modified approach, the County is required to:

- Maintain an asset management system that includes an up-to-date inventory of eligible infrastructure assets.
- Perform and document replicable condition assessments once every three years of the eligible infrastructure assets and summarize the results using a measurement scale.
- Estimate each year the annual amount to maintain and preserve the eligible infrastructure assets at the condition level established and disclosed by the County.
- Document that the infrastructure assets are being preserved approximately at, or above the condition level established by the County.

ROADS

Delta County applies the modified approach to all roads owned and/or maintained by the County. The goal of the County in conjunction with adopting the modified approach is to develop and provide a cost-effective maintenance program that preserves the County's investment in its road network and enhances public transportation and safety.

Condition Assessments

Roads are categorized as native, gravel and oil surface. Formal condition assessments are not done on natural and rock surface roads. These roads are maintained on an as-needed basis, for example, when a road is washed out. Formal condition assessments are performed on all gravel and oil surface roads at least once every three years in accordance with GASB 34. Each year a formal assessment is performed on a portion of the County's roads on a rotating basis. The results of formal condition assessments performed in 2019, 2020, 2021, 2022 and 2023 are disclosed. The process and purpose of these condition assessments are described briefly below.

Gravel Surface Roads: The condition assessments of gravel roads are based on gravel thickness and surface smoothness. Roads are rated as excellent, good and poor. A poor rating indicates gravel thickness of less than 1" or excessive surface deterioration. Roads rated in poor condition require maintenance.

DELTA COUNTY, COLORADO
INFORMATION ABOUT INFRASTRUCTURE ASSETS REPORTED USING
THE MODIFIED APPROACH
For the year ended December 31, 2023

Paved Roads: The condition assessments of paved roads are based on the following criteria: potholes, cracking, rutting, shoulder condition, surface smoothness and base condition. Roads are rated as excellent, good, fair and poor. For GASB 34 reporting purposes, the County's official desired condition is 70%. The County's goal is to maintain its infrastructure at a category condition level of fair or better.

Condition Rating of the County's Road System

Percentage of Lane-Miles in Fair to Excellent Conditions in 2023:

	<u>Percentage</u>
Paved	99%
Gravel	97%
Overall System	98%

Percentage of Lane-Miles in Poor Conditions in 2023:

	<u>Percentage</u>
Paved	1%
Gravel	3%
Overall System	2%

Comparison of Needed-to Actual Maintenance/Preservation in 2023: The County did not budget separately for maintenance/preservation costs for roads and bridges in 2023, therefore they are shown combined below. Amounts will be budgeted separately in the future.

	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>	<u>2023</u>
Estimated	\$6,613,417	\$5,614,747	\$6,649,029	\$6,831,695	\$7,482,024
Actual	\$5,937,964	\$4,952,824	\$5,331,973	\$5,363,505	\$6,106,412

BRIDGES

The structural sufficiency of the County's bridges is determined using the state of Colorado's Structure Inspection and Inventory Program. The bridge sufficiency rating is based on the assessment of the ability of individual components to function structurally. The rating system uses a numerical scale from 50 (needs replacement) to 100 (new). Bridges are inspected by the state of Colorado Department of Transportation every two years. GASB 34 requires inspection every three years. The most recent inspection was in 2021. There was one new bridge structure added to the system during 2021.

Disclosures for a Network of Bridges 2021

Number of Bridges

	CDOT Structural Sufficiency Rating	Number	%
Excellent	91-100	5	55.6%

DELTA COUNTY, COLORADO
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year ended December 31, 2023

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Schedule of Expenditures of Federal Awards includes the federal grant activity of Delta County and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Regulations Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* ("Uniform Guidance"). Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the general-purpose financial statements.

Federal awards provided to sub recipients are treated as expenditures when paid or distributed to the sub recipients.

The County has elected to not use the 10% de minimus indirect cost rate, as allowed under the Uniform Guidance.

NOTE B - REPORTING ENTITY

The financial reporting entity consists of Delta County, Colorado (the County) as the primary government; organizations for which the County is financially accountable; and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete.

The Department of Human Services and Health Department are considered to be part of the primary government of the County because they are not legally separate. The county is accountable and has fiscal control over these departments.

NOTE C - PASS-THROUGH AWARDS

The County receives certain federal awards from pass-through awards from the State of Colorado. The amounts received are commingled by the State of Colorado with other funds. Only the federal amount of such pass-through awards is included in the Schedule of Expenditures of Federal Awards.

NOTE D – NON-CASH AWARDS EXPENDED

Fair market value of assistance at the time of disbursement to the recipient or the assessed value, is provided by the state or federal agency.

DELTA COUNTY, COLORADO
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year ended December 31, 2023

NOTE E - SUBRECIPIENT AWARDS

The County receives certain federal awards that are passed through to subrecipients as follows:

Program Title	Federal CFDA Number	Amount Passed Through
Schools and Roads- Grants to States		
Delta County Joint School District # 501	10.665	\$81,845

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
Delta County, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Delta County, Colorado, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise Delta County, Colorado's basic financial statements, and have issued our report thereon dated August 17, 2024.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Delta County, Colorado's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Delta County, Colorado's internal control. Accordingly, we do not express an opinion on the effectiveness of Delta County, Colorado's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Commissioners
Delta County, Colorado
Page Two

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Delta County, Colorado's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of County Commissioners
Delta County, Colorado

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Delta County, Colorado's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Delta County, Colorado's major federal programs for the year ended December 31, 2023. Delta County, Colorado's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Delta County, Colorado complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Delta County, Colorado and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Delta County, Colorado's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Delta County, Colorado's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Delta County, Colorado's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Delta County, Colorado's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Delta County, Colorado's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Delta County, Colorado's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Delta County, Colorado's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
